## **Child Protection Policy and Procedures**

**(Information for Parents)**

**September 2007**

## **ETHOS**

**Belfast High School** fully recognises its responsibilities for child protection. The School will do its utmost to safeguard and promote the welfare of all registered pupils. In all actions the child's best interests shall be the primary consideration.

Our policy applies to all staff, pupils, parents, governors and to anyone working in the school. This policy should be read in conjunction with the School Anti-Bullying Policy.

**The Principal** has the overall responsibility for the day to day running of the School, including the appointment and management of suitable staff to the designated teacher posts. The Principal must ensure that parents and pupils receive a copy of the Child Protection Policy and Complaints Procedure every two years.

The Principal, as the secretary to the Board of Governors, will have the responsibility of making sure that the Board of Governors fulfil their Child Protection duties, keeping them informed of any changes to guidance, procedure or legislation relating to Child Protection, ensuring termly inclusion of Child Protection activities on the agenda.

### **Designated Teacher - Mrs L Gormley, Principal**

Every school is required to have a Designated and Deputy Designated Teacher with responsibility for Child Protection. This is a highly skilled role developed and supported through specialised training requiring knowledge and professional judgement on complex and emotive issues. It involves :

- The training of all School staff including support staff
- Being available to discuss Child Protection concerns of any member of staff
- Responsibility for record keeping of all Child Protection concerns
- Making referral to Social Services or PSNI Care Units
- Liaison with the ELB Designated Officers for Child Protection
- Keeping the School principal involved
- Lead responsibility for the School's Child Protection Policy
- Promotion of a Child Protection ethos within the school
- Written reports to the Board of Governors regarding Child Protection
- Notifying the following of Child protection referrals:

The Chair of the Board of Governors in voluntary grammar and grant maintained schools

## **Deputy Designated Teacher - Mrs A McNutt, Assistant Principal**

To support and undertake the duties of the Designated Teacher for Child Protection as required.

## **Chair of the Board of Governors - Mrs M Gordon**

The Chairperson of the Board of Governors plays a pivotal role in creating the safe-guarding ethos within the school environment. As such, the Chairperson should ensure that he/she has received the appropriate ELB Child Protection Training from both Human Resources and the Child Protection Support Service for Schools (CPSSS) in order to fulfil his/her responsibilities. In addition, the chair should also ensure that at least one governor has ELB recruitment and selection training. In the event of a Child Protection complaint being made against the Principal, it is the Chairperson who must assume responsibility for managing the complaint/allegation.

The names of the Designated and Deputy Designated staff for Child Protection are displayed in school on the Pastoral Care notice-board.

### **Staff - What to do if you have a concern:**

1. If an assistant teacher has concerns about any pupil or is in receipt of a complaint, rumour or allegation, they must convey that to the Deputy Designated Teacher, Mrs McNutt, or the Designated Teacher, Mrs Gormley.
2. The substance of the concern must be recorded in writing by the Deputy Designated Teacher, Mrs McNutt, or the Designated Teacher, Mrs Gormley and the content of the report agreed.
3. Teachers should not investigate a complaint, rumour or allegation unless it is clearly of a trivial nature.
4. The responsibility of the teacher ends when they have met with the Deputy Designated Teacher, Mrs McNutt, or the Designated Teacher, Mrs Gormley. Subsequent action will be the responsibility of the Deputy Designated Teacher, Mrs McNutt, or the Designated Teacher, Mrs Gormley.

### **There are five main elements to our policy:**

- Ensuring we practise safe recruitment in checking the suitability of staff and volunteers to work with children.
- Raising awareness of child protection issues and equipping children with the skills needed to keep them safe.
- Developing and then implementing procedures for identifying and reporting cases, or suspected cases, of abuse.

- Supporting pupils who have been abused in accordance with their agreed child protection plan
- Establishing a safe environment in which children can learn and develop.

### **Policy Statement**

Children who are suffering or are at risk of suffering significant harm, either as the result of a deliberate act or through failure to act or provide proper care, need to be made safe from harm alongside meeting their other needs.

### **Potential Signs and Symptoms of Child Abuse**

These can be divided into 4 areas:-

**Neglect**

**Physical Injury**

**Sexual Abuse**

**Emotional Abuse**

**There are no absolute guidelines for judging what constitutes significant harm.**

**There may be a series of events which in themselves do not necessarily cause concern but are significant, if viewed together.**

Initially the incident may not seem serious but it should be remembered that prompt help may prevent minor abuse escalating into something more serious.

Many staff will recognise some of the symptoms mentioned in a mild form but if you have any major concerns you must go to Mrs Gormley or Mrs McNutt.

### **Confidentiality**

Child protection raises issues of confidentiality which should be clearly understood by all staff. Staff have a professional responsibility to share relevant information about the protection of children with other professionals, particularly investigative agencies and, when physical or sexual abuse is suspected, a legal duty to report this. If a child confides in a member of staff and requests that the information be kept secret, it is important that the member should tell the child, sensitively, that he or she has a responsibility to refer cases of alleged abuse to the appropriate agencies for the child's own sake. Within that context the child should, however, be assured that the matter be disclosed only to people who need to know about it. Staff who receive information about children and their families in the course of their work should share that information **only** within appropriate professional contexts. Child protection records should be kept under secure conditions.

**We recognise that because of the day to day contact with children, school staff are well placed to observe the outward signs of abuse. The school will therefore:**

- Establish and maintain an environment where children feel secure, are encouraged to talk, and are listened to.
- Ensure children know that there are adults in the school whom they can approach if they are worried.
- Include opportunities in the PSHE (Personal Social and Health Education) curriculum for children to develop the skills they need to recognise and stay safe from abuse.

**We will follow the guidance issued by the Department for Education to:**

- Ensure we have a designated senior person for child protection who has received appropriate training and support for this role.
- Ensure we have a nominated governor responsible for child protection.
- Ensure every member of staff (including temporary and supply staff and volunteers) and governing body knows the name of the designated senior person responsible for child protection and their role.
- Ensure all staff and volunteers understand their responsibilities in being alert to the signs of abuse and responsibility for referring any concerns to the designated senior person responsible for child protection.
- Ensure that parents have an understanding of the responsibility placed on the school and staff for child protection.
- Notify Social Services if there is an unexplained absence of a pupil who is on the child protection register.
- Develop effective links with relevant agencies and co-operate as required with their enquiries regarding child protection matters including attendance at case conferences.
- Keep written records of concerns about children, even where there is no need to refer the matter immediately.
- Ensure all records are kept securely, separate from the main pupil file, and in locked locations.
- Develop and then follow procedures where an allegation is made against a member of staff or volunteer.
- Ensure safe recruitment practices are always followed.

We recognise that children who are abused or witness violence may find it difficult to develop a sense of self worth. They may feel helplessness, humiliation and some sense of blame. The school may be the only stable, secure and predictable element in the lives of children at risk. When at school their behaviour may be challenging and defiant or they may be withdrawn. The school will endeavour to support the pupil through:

- The content of the curriculum.
- The school ethos which promotes a positive, supportive and secure environment and gives pupils a sense of being valued.
- The **School Pastoral Care Policy** which is aimed at supporting vulnerable pupils in the school. The school will ensure that the pupil knows that some behaviour is unacceptable but they are valued and not to be blamed for any abuse which has occurred.
- Liaison with other agencies that support the pupil such as Social Services, Child and Adult Mental Health Service, Education Welfare Service and Educational Psychology Service.
- Ensuring that, where a pupil on the child protection register leaves, their information is transferred to the new school immediately and that the child's social worker is informed.

### **Vetting Procedures**

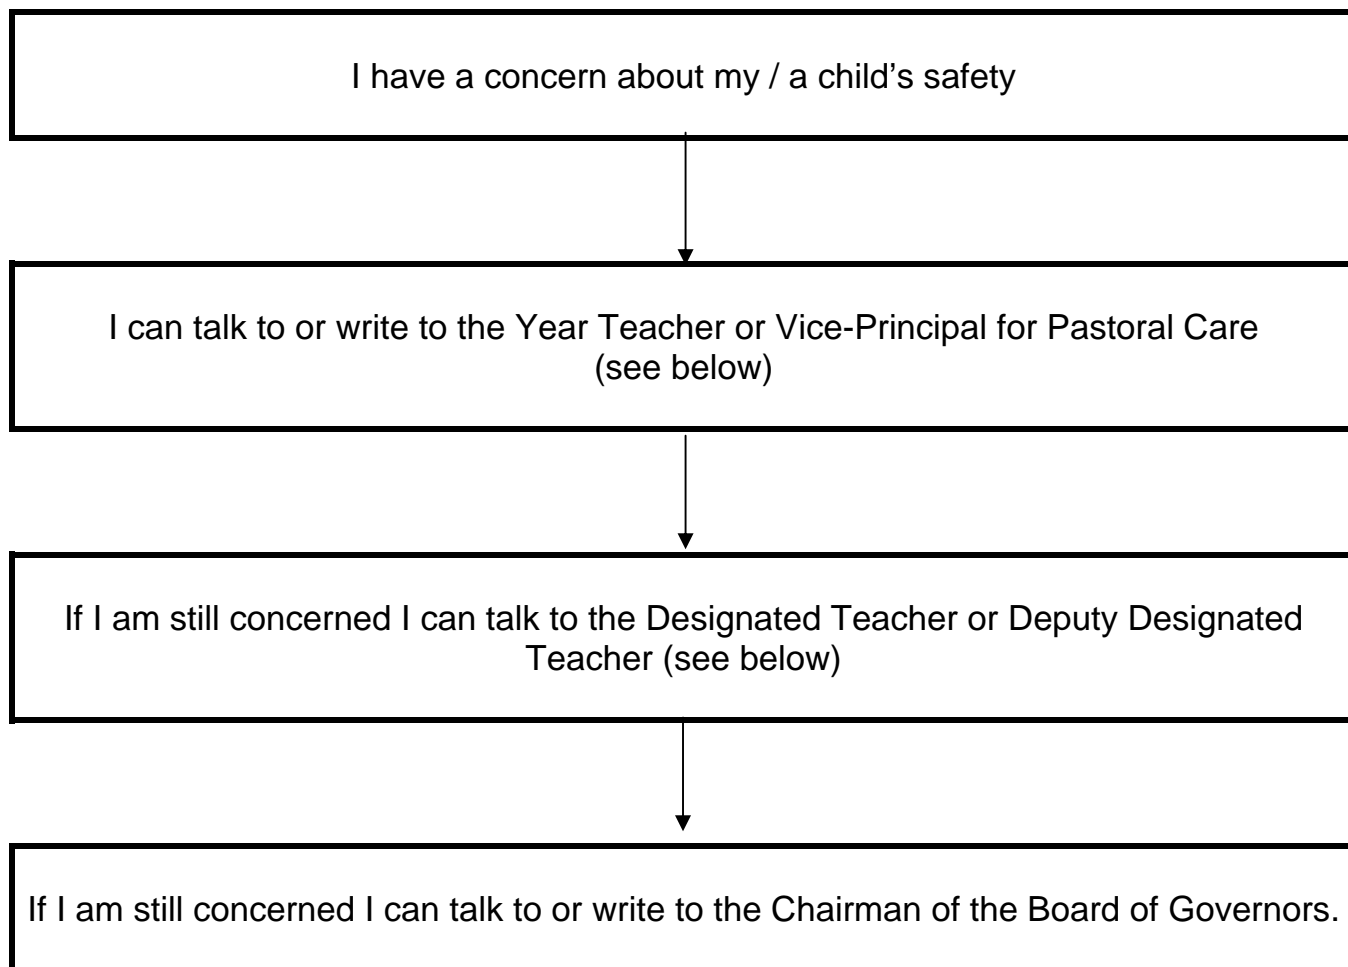

All new staff will be appointed subject to a satisfactory Criminal Records Bureau police check. The Registrar will ensure that this process is completed and will report to the Principal. See recruitment and vetting procedures.

### **In summary the underlying principles are:**

- a. The welfare, safety and well-being of the pupils have primacy and must be considered before any other issue.
- b. All concerns and actions must be dated, recorded, agreed and filed.
- c. Once a matter is raised with a more senior member of staff the responsibility for decision making and subsequent action becomes that of the more senior teacher.

The relationship between a pupil and a teacher is based on trust and often confidentiality, No promise can or should ever be given where abuse is alleged.

# HOW A PARENT CAN MAKE A COMPLAINT OR AIR A CONCERN
